**Rock Electro- LIGA QUINTANA- Nouvel Album.Duree: 10mn 58s**

**SORTIE DU NOUVEL ALBUM DE LIGA QUINTANA, LE 16 JUIN 2008** LIGA Quintana impose d'emblée une identité forte. Ce groupe grenoblois sincère et direct, mené par une voix puissante et sensuelle, mixe l'énergie rock et le beat techno. Leurs lives transforment les salles rock en discothèques et transportent le public dans un univers à la fois noir et ardent. Le chant en espagnol est pour LIGA une seconde nature. C'est aussi une forme de résistance pas si anodine à une époque marquée par la tendance "rock anglais" particulièrement en vogue. Piero Quintana, chanteur du groupe, passe la majeure partie de son enfance en Espagne, où il éprouve ses premières émotions musicales avec les groupes "rock espagnol" des années 80. C'est avec ces références qu'il monte en 90, à Grenoble, son premier groupe Quintana Roo. La manière, résolument rock d'utiliser la langue espagnole commence à opérer. Les textes sont déjà signés Alice Avella. Plus d'infos Con un rock muy actual, LIGA Quintana impone de entrada una identidad fuerte. Este grupo de Grenoble (Francia), sincero y directo, liderado por una voz potente y sensual, mezcla la energía del rock con el beat del tecno. Sus directos convierten las salas de concierto en discotecas y transportan al público a un universo a la vez oscuro y ardiente. Cantar en castellano resulta casi innato para LIGA y le da toda su originalidad. También es una forma de resistencia nada anodina en una época marcada por la tendencia "rock inglés", especialmente de moda. Piero Quintana, cantante del grupo, pasa largas temporadas de su niñez en España, donde conoce sus primeras emociones musicales con los grupos de rock español de los 80. Con esas referencias, forma en los 90, en Grenoble, su primer grupo, Quintana Roo. El modo definitivamente rock de utilizar el idioma español empieza a cuajar. Alice Avella empieza a escribir entonces las letras de las canciones. continuation, haga clic aqui <http://www.ligaquintana.net> My Space de Liga Quintana Video de Liga Quintana Dates de spectacle 2008 Les titres en téléchargements: El hombre que comina, La Balsa, Negra evendicia.

### **Hip Hop Africain- FangaFrika- StayCalmProd. Durée: 4mn 06s**

Il y a deux mois sortait: Fangafrika. C'est un véritable coffret multimédia regroupant un livre, un DVD et un disque. Réalisé par le collectif Stay Calm ! en marge de plusieurs éditions du festival Ouaga Hip Hop, cet objet comble une absence assourdissante et incompréhensible de l'intérêt que peuvent porter les maisons de disques aux musiques urbaines ouest-africaines. Le documentaire bourlingue dans les rues poussiéreuses de Ouagadougou, croisant des mc's dans tous les styles et tous les états. Entre extraits de concerts, freestyles, interviews des pionniers du genre et des jeunes pousses, Fangafrika est la première réalisation allant aussi loin dans l'appréhension du mouvement. Le livre l'accompagnant présente les figures tutélaires du hip hop mais aussi les grands révolutionnaires africains qui sont aujourd'hui les véritables emblèmes de cette jeunesse éprise de liberté. La clé de voûte de ce projet reste bien sûr la compilation regroupant en 16 titres la diversité des talents rencontrés. Baladant l'auditeur sur les routes de la sous région, on traîne sur les boulevards Burkinabés avec IZ ou le duo Faso Kombat, on écoute avec respect les Camerounais de Negrissim', on se révolte avec les Maliens de Tata Pound, on vibre aux rythmes des fusions que proposent les Togolais de Djanta Kan ou les Béninois de H2O Assouka... Les mc's débarquent de tous horizons, hommes ou femmes, avec leurs particularités, leurs histoires et leurs cultures qu'ils incorporent à leur musique avec autant d'authenticité qu'ils ont de personnalité. Alors que demande le peuple ? Qu'on l'écoute, bordel ! Le morceau Ouaga All Starz produit par Stay Calm! et réalisé par Sébastien Lipszyc du label La plage Records. Enregistré dans un studio indépendant de Ouagadougou, ce morceau réunit quelques uns des meilleurs MC de la capitale. Titre en téléchargement: Ouaga All Starz de Smarty, Golgo, El Primo, David le Combattant, Doudou Plus d'infos, et pour l'achat en ligne de l'album cliquez sur les liens ci dessous: <http://fangafrika.staycalmproductions.com/> <http://www.staycalmproductions.com/fangafrika> Dossier de présentation de FANGAFRIKA

### **DJ Cruze. Manchester is in the House 39. Durée: 1h 08mn 01s**

Has it really been over two months since I filled your iPods and MP3 players with funky house music? Yet again I am seriously sorry for not getting my hands and decks into action and getting you a mix of the most twisted and funky house and electro tunes around. Life's always hectic in the DJ Cruze household and this time it's been more hectic than usual. As a result I've decided that I need to get more sensible podcast schedule sorted for you so that you at find a new mix in your musical inbox at least once a month! Watch this space for more details. So what have I got for you this month? Well, some massive tunes of course from some of my favourite artists and remixers from the past couple of months. We kick off the show with the absolutely massive disco-style anthem from The Whitest Boy Alive as remixed by the soon-to-be-legendary French producer Fred Falke. We've also got a great new tune from the prolific remixer Dave Spoon, a couple of great tunes by Mr. Ian Carey. This month I also supply you with an exclusive new tune from yours truly, DJ Cruze, in my Funkfinders guise. It's a remake of my old tune Cease which you originally heard on Episode #14 of the DJ Cruze podcast, way back in April 2006 although it's now called "Higher". It's lost the St. Etienne sample and now features a brilliant new vocal from Amber Dirks, a stunning singer songwriter from the US. She's added the funk and soul that the track needed and it should be released with 3 or 4 great remixes in the summer on Metrogroove Records. It's not quite finished yet but I thought you'd like to hear a sneak review! Also, the classic this week is a great disco cut-up from 1994 by Floorjam called "Stoneage". In an exclusive hook-up with a great friend of mine, I've managed to secure some copies of this hard to find tune in his record store. If you head to First Rhythm records via this link you can get hold of Floorjam's "Stoneage" for a great price and he'll deliver it to anywhere in the world! Being a really nice guy, he's also giving the DJ Cruze listeners a discount of 15% on orders over £30.00! Thanks Mark! So head there via any of the links on this page and put in the code FRRSPEC1 when you check out. You'll save even more money! He's got loads of old tunes so you can expand your collection with some great old and new tunes. Hopefully we can get loads more of the Cruze Classics in his store for you as a lot of them are hard to find now. Big thanks go out to Mark and First Rhythm Records for supplying the Cruze Classic this week. Enjoy the show and get in touch if you want a shout out. And don't forget to comment on the show below and tell me what you think. \* DJ Cruze big tunes:

### **Mix Rap R'N'B par DJ Mystykal Kut. Durée: 33mn 19s**

Depuis 1997, DJ Mystykal Kut, originaire de Strasbourg, a su imposer un style original et efficace, que ce soit derrière les platines d'innombrables soirées, de son émission de radio, ou encore par le biais de ses compilations "mixtapes" et vinyles de remixes, distribués dans de nombreux pays... Avec plus de 500 soirées à son actif, son expérience n'est plus à démontrer... On a pu le voir derrière les platines des plus grands clubs (Bains-Douches à Paris, Club Speed à New York, Downtownen Allemagne...), en première partie ou after show d'artistes de renommée (Akon, Method Man & Redman, Nina Sky, Fatman Scoop, Booba, Raekwon -Wu Tang Clan-, DJ Cut Killer, DJ Abdel...), ou aux quatre coins du globe (Tunisie, Chine, U.S.A, Suisse, Allemagne, Angleterre, Luxembourg...). Qu'il s'agisse de soirées privées dans des palaces en Tunisie ou encore de la soirée pour la sortie de l'album "Confessions" d'Usher, ils ont choisi Mystykal Kut. Pourquoi? Pour son eclectisme et sa culture musicale lui permettant d'afficher une étonnante facilité à s'adapter à différents publics: pouvant passer de R'n'B à Funk, de Rap East ou West Coast au plus dirty du Crunk, de Ragga Dancehall à House ou même Rock, les soirées avec DJ Mystykal Kut se suivent mais ne se ressemblent pas. Son activité de DJ ne se résume pas uniquement à faire danser les foules: il anime depuis de nombreuses années les émissions "Push 'Em Up!" chaque samedi soir 20-22h sur RBS 91.9FM à Strasbourg, avec ses amis DJ Awax et DJ Fra-K, et a produit quelques vinyles de remixes pour DJ's en collaboration avec Bennie Blanco, ainsi que plus de 40 compilations "mixtapes", dont de nombreuses ont été chaleureusement saluées par la presse spécialisée, plusieurs fois qualifiées de "mixtape du mois". DJ Mystykal Kut a notamment été l'un des premiers en France à sortir un DVD de "videomix": des clips R'n'B Hip Hop enchainés, mixés, remixés, scratchés... le tout à l'écran. Le DVD, qui s'intitule "All Eyes On Mix", est sorti en été 2007. Dernière facette de Mystykal Kut: la production musicale, qu'il a commencé en 2003. Il produit des instrumentales pour de nombreux artistes en France et aux U.S.A et a sorti en 2007 la compilation "MaKe it Sweet vol. 5", présentée par Julia Channel, sur laquelle presque la moitié des 44 morceaux ont été produits par ses soins.

### **Rock Cast Italia 157. Maiali volanti. Durée: 38mn 03s**

Tecnologia, cultura, costume, novità e vita quotidiana... il tutto condito con una buona dose di musica rock. Dopo aver iniziato questo podcast come un esperimento e poi travolto dal successo di ascolto, il Dok si barcamena da un episodio settimanale all'altro cercando abbastanza materiale da soddisfare il palato di tutti i rockers d'Italia. Niente Live questa settimana, ma un episodio super-classico di RockCast Italia, con qualche riflessione seria sulle prossime olimpiadi: dov'è finito lo spirito olimpico? dov'è la libertà di espressione? a quanta libertà dobbiamo ancora rinunciare in nome di governi che ci danno sempre meno in cambio? che cazzo ci volete fare con il nostro codice fiscale sugli assegni che scriviamo? ma soprattutto... dov'è finito il maiale volante di Roger Waters? Tutto questo nell'episodio di oggi, oltre ovviamente alla solita scaletta di musica degna delle vostre rock-orecchie. Volete seguire in diretta le regate del Dok al Pirelli? Questo è il mio twitter. "Shut up and play yer guitar": le soluzioni e i link per l'acquisto su iTunes. La musica di oggi: The Wonkies (No Excuses) Hell Dorado (Goin' Down) Our Last Night (Escape) Sonic X (Evident) American Angel (Vanity)

**DJ CRUZE Best Of: Manchester is in the house. Duree:1h14mn39s**

BEST OF 2007 PODCAST DJ CRUZE.[00:00:00] N Dea Davenport - One Day My Love (D Ramirez 12 Mix) - Dozer Records This tune came out in the early part of 2007 and was a huge tune for me even though it didn't get much commercial success in the charts. It has a great vocal from the Brand New Heavies ex-vocalist, N Dea Davenport and features a dirty bassline from one of my favourite electro producers in 2007, D Ramirez.

[00:05:45] Camille Jones - The Creeps (Fedde Le Grande Club Mix) - Data Records Originally coming out in 2006, the Fedde Le Grand electro house mix of this electronic track by Danish beauty Camille Jones just pushed it into 2007. Featuring a fantastic vocal and a wicked remix by man of 2007, Fedde Le Grand, it's got to be in everyone's best of chart for last year. The vocal on this track is haunting and I love it. [00:11:52]

Andrea Doria vs LXR - Freak Me (Dave Spoon Remix) - GI Recordings Another big producer from 2007 was Dave Spoon. He captured the electro house scene by storm and produced some of last year's best dirty house remixes. This remix of Freak Me by the Italian producer Andrea Doria is no exception. Initially sounding like Sly and Robbie's Boops from the late 80s (yes, I'm that old and I remember it well!) it then steps up a notch and gives us some fantastic distorted synths and a disturbingly dirty breakdown. A peak time stormer! [00:17:48]

Dragonette - I Get Around (Van She Dub Mix) - Mercury Although signed to a major label, the Canadian band Dragonette seemed to be big on the underground scene but didn't get as much exposure in the mainstream press. Here we get a lovely electro dub of their track I Get Around from Australian band Van She and it just rocks. A repeated I Get Around vocal drives this track and the pumping, compressed bassline shook the dancefloors I played this on. Let's hope both Van She and Dragonette get some more tunes out in 2008. [00:22:56]

Larry Tee - Licky (Herve Goes Low Remix) - White Larry Tee apparently invented the term electroclash. Did you know that? Neither did I. He's an old school producer who produced a lot of the big electroclash acts from the mid 2000s. This Herve remix takes us back to the old rave days with its sirens, deep and pumping bassline and chunky rave stabs. A definite club tune which might not sound so good on your ipod unless you've got better bass response headphones. Even then it might just hurt your ears, but in a good way! [00:27:41]

DJ DLG - Your Eyes (Original Mix) - Eyezcream Recordings It's been a good year for Canadian producer DJ DLG with his big 80s sampling tune Your Eyes. A solid but repetitive track that builds up and up until it drops a killer breakdown. [00:32:41]

Mighty Dub Katz - Magic Carpet Ride (Young Punx Remix) - Southern Fried Records A cheeky Norman Cook re-released his classic Magic Carpet Ride under his Mighty Dub Katz moniker. This time we get a deep and dubby remix from The Young Punx. Although it's been out a few times since the mid 90s, this mix worked well for me and everyone loves its cheeky ballroom, breakdown! [00:38:03]

Axwell - I Found You (Remode) - Axtone The biggest tune of 2007? Yes, quite probably. Axwell takes us back to an early 90s breakbeat rave track with this anthem. Featuring a Faithless style arpeggio, some phat and funky breakbeats, some old school pianos and a great vocal from Charles Salter it was the monster tune of last summer. Rave on! [00:43:48]

Armand Van Helden - NYC Beat (Original Mix) - Southern Fried Records The year wouldn't be complete without a killer track from Armand Van Helden! A dirty bassline? Check! A punk-funk 80s vocal? Check! Some dirty beats with some wicked percussion? Check! A massive tune? You bet! [00:49:03]

Sia - The Girl You Lost To Cocaine (Stonebridge Club Mix) - Monkey Puzzle Records The Swedish house music producer Stonebridge takes the surly Sia away from his usual piano-tinged remixes and gives us a filthy basslined monster. Amazing haunting vocals are layered on top of this tough house track and it became one of my favourite tunes of the year. [00:55:48]

Coburn - Razorblade (Malente Remix) - Great Stuff More tough stuff comes from those cheeky boys from the UK, Coburn, who gave us 2005's killer track We Interrupt This Program. Like Kylie on acid is how they describe the track and who am I to argue? Given a cheeky rerub by German producer Malente it builds up with a big old bassline and some bit crunched breakdowns. Club music for the world's dirty dancefloor! [00:62:18]

Bodyrox ft. Luciana - What Planet You On (The Slacksons Mix) - Phonetic Records After the massive success of their track Yeah Yeah last year, Bodyrox are back with another huge electro house cut. The Slacksons turn this into a potential house music classic with its building bassline and twisting percussion. This is how all house music should be! [00:00:00]

Axwell & Sebastian Ingrosso vs. Salem Al Fakir - It's True (Original Mix) - Axtone And finally a somewhat under-exposed Axtone track which may get more play in the Ibiza in the summer of 2008. In my opinion it has the potential to be the new Stardust or Modjo. It's a fun and funky summer tune which showcases Salem's smooth vocals and Axwell and Sebastian Ingrosso's funkier house roots. You can't help but smile when you hear the electric guitar followed by the brilliantly simple it's true, life will smile for you chorus. A great way to finish off my best of 2007 mix. Life will definitely smile for all of us in 2008. So I hope you enjoyed this year's, or should that be last year's, best of...

mix. I think they are all awesome and I hope you do too! Big love to you all for the support you give me and for all of the comments on the site. I hope 2008 brings more listeners and more funky house music!

DJ Cruze: As always, it's been a while since the last DJ Cruze podcast but finally I've got a new one online and it's packed with the funkier house music and chunkier electro tunes. This week's Cruze classic is an absolute monster. Orbital's classic Chime. needed to be aired as I haven't played it in ages but it's one of the original tunes that got me into house music from my hip hop roots. A killer tune from the Hartnoll boys and one that still reminds me of the old rave days in Manchester. The audio quality is slightly different on this show as I've moved my studio around a bit and I've started using a new compressor. If you know how compressors are meant to sound then you might find this a bit harsher than the previous shows. I need to tweak some settings until I'm completely happy with it but it still sounds pretty good. Let me know if you think it sounds worse than before.\* DJ Cruze big tunes: o [00:00:00] Kelly Rowland - Work (Steve Pitron and Max Sanna Extended Remix) - RCA o [00:06:31] Dave Armstrong and Redroche - Love Has Gone (Wez Clarke Remix) - Hed Kandi o [00:12:55] Dab Hands - Supergood (Made In London Remix) - Gusto o [00:19:34] James Fitch feat.
